

**Greenhouse SIG WORKSHOP
DRAFT PROGRAM**

Perth - 6 September, 2009

TIME	
10.00 to 10.05 am	Introduction and Session Overview
Sustainable Cities Session	
10.05 to 10.25 am	<p>Session Chair and Overview <i>Dr Peter Newman - Director of the Institute for Sustainability and Technology Policy at Murdoch University</i></p> <p>Professor Newman is widely acclaimed as a distinguished author for his research and papers on sustainable cities and urban form, especially for his ground breaking analysis of urban transportation problems and innovative solutions in his book; "Sustainable Cities: Overcoming Car Dependence". He will lead the discussion on sustainable innovations happening in cities, regions and states; what innovations have occurred in Australia and the opportunities that are becoming evident here and overseas.</p>
10.25 to 11.20 am	The subsequent series of presentations will provide more detail as to what sustainable cities may look like with respect to transport, planning and building design. Presentations include: Luke O'Donoghue (Director Sustainable Transport Energy WA) and Dr Andrew Simpson (Curtin University Sustainable Policy Institute) will discuss the future options for transport.
11.20 to 11.30 am	Morning Tea
Carbon Pollution Reduction Scheme	
11.30 to 12.30 pm	Steve Waller, Director WA Office of Climate Change
12.30	Lunch
1.30 to 2.15 pm	<p>Scenario Exercise/Emissions Trading Game <i>Dr Helen Murphy, Chair GreenhouseSIG</i></p>
Technologies for Climate Change Session	
2.15 to 2.35 pm	<p>Session Chair and Overview Nicholas Otter is the CEO of the Global Carbon Capture and Storage Institute. Launched on 16 April 2009, the Institute aims to accelerate the deployment of CCS and encourage information sharing.</p>
2.35 to 3.20 pm	The subsequent series of presentations will provide more detail around new and emerging technologies from carbon capture and storage, geothermal energy, sustainable energy options as well as new technologies for the agricultural sector. Presentations include: Paul Wilkes, Vice Chair Sustainable Energy Now and Research Geophysicist at WA Geothermal Centre of Excellence to discuss renewable energy options and David Bowran from the WA Department of Agriculture who will discuss technology options for the agriculture sector including the role of biofuels.
3.20 to 4.00 pm	Forum Discussion
4.00pm	CLOSE
